

Dear Friend,

Hello, my name is Arwa and I am 8 years old. I live in Egypt with my mom and dad. I also have one brother and sister. I go to school every day, and I love Math and English. When I go home, I love to skate and draw. My mom cooks pizza for me, and I love it. I also love to eat fruits and vegetables every day. I would like to be a doctor when I grow up, so I can help people. I would also want to have a cat as a pet when I grow up. This is all about me, I want to hear about you.

Thank you
