

Reem

Cairo, Egypt

22 November 2021

Hello,

My name is reem. I am 12 years old and I am from Cairo, Egypt. My favorite food is salad and meat because it is healthy and delicious. I go to school on Sunday till Thursday from 8 AM till 1 PM. My favorite subjects are math, Arabic and English. In my free time I like to draw and play my favorite sport, football.

In Cairo we have a lot of historical monuments such as the pyramids and the Nile River. Another amazing sight is the Cairo tower which is the tallest building you can find in Egypt. I enjoy visiting these monuments with my family whenever we can. Some other things I like to do is going to the beach, playing in the garden. I love surrounding myself in nature it feels really nice and joyous.

Cairo is such a beautiful place. We have many things you would love and enjoy. You will enjoy the scenery, culture and food. I look forward to your reply and I hope you come visit us one day!

Yours sincerely,

Reem
